

# Healthy Lake Shorelines & Bass Fishing in the Upper Lakes

**May 10, 2011**

**Improve the Health of our Lakes**

**5:30 pm refreshments  
6:00 program start**

**Big Lake Church of God**

Corner of Indiana SR 109 &  
Whitley-Noble CR 600/700

**Admission is FREE** but we request  
you bring a non-perishable food for  
the Big Lake Food Pantry

**For more information:  
574-834-3242  
www.telwf.org**

**Sponsored by the Upper Tippecanoe River  
Lakes Association (UTRLA) and the  
Tippecanoe Watershed Foundation (TWF)  
with assistance from**

- Indiana Lakes Management Society (ILMS)
- Indiana Department of Natural Resources
- Indiana Department of Environmental Management (IDEM)
- Whitley County Soil & Water Conservation District

**UTRLA**

- You can improve your shoreline and your water quality
- You can help diffuse wave action and erosion
- You can spend less time mowing
- You can reduce invasive weeds
- You can deter geese from your lawn

**Improve Your Fishing Experience**

- Discussion of bass size limit for Big & Crane lakes
- How you can introduce your kids to fishing

**Natural shoreline beauty does not have to interfere with recreation!**

**Learn More:** Grant assistance of up to \$2,500 is available to homeowners for shoreline projects that improve water quality, improve shoreline habitat, reduce erosion, or reduce runoff. All projects must be located within the Upper Tippecanoe River Watershed and the applicant must pay at least 25% of the total project cost.
